Rower's Wardrobe

IT AIN'T JUST STYLIN'

Let's face it: Rowers like to look good, but their attire is not just a fashion statement. It's really about function and safety. To avoid hypothermia we wear synthetic materials (which wick moisture away from the skin during exercise) and wool or polar fleece (which are warm even when wet).

Cotton is not a good choice! We leave cotton on the beach because wet cotton (particularly heavyweight sweats) will rob you of your body heat faster than if you are buck naked (yikes!).

Rowers wear lycra/spandex shorts or pants, which are form fitting so that they don't snag in the wheels under the seat. This attire also allows for unrestricted range of motion, which is important.

Long shirt-tails, baggie shorts, cut-offs, and jeans are considered only après row apparel.

Here's a rower's wardrobe checklist (the first two items are very important):

- PFD (a 'personal flotation device' is mandatory)
- Compression shorts or bike shorts
- Synthetic tee shirt or tank top
- Acrylic, wool, or neoprene socks
- Synthetic long-sleeve tee shirt
- Fleece jacket or vest
- Breathable wind/rain jacket
- Synthetic knit athletic pants, tights, or form-fitting nylon windpants
- Baseball cap (with alligator clip tether), headband or ski hat
- Sunglasses (with croakie)
- Water shoes
- Water bottle
- Sunscreen
- ✓ Always leave a duffel bag containing warm dry clothes in your car or non-motorized vehicle.
- ✓ Apply sunscreen at home and wash your hands prior to rowing so the oar handles don't get sticky.
- ✓ Please leave rings—yes, even your wedding bands—at home so they don't damage the oar handles or your hands.
